

CaRMS

(Medical Licensing in Canada)

If you are an **International Medical Graduate (IMG)** planning to practice medicine in Canada, follow these steps to get certified and licensed.

Step 1: Verify Your Eligibility

- ✓ Ensure that your **medical degree** is recognized by the **Medical Council of Canada (MCC)**.
- ◆ Use the **World Directory of Medical Schools (WDOMS)** to check if your medical school is eligible.

Register Now : [Click To Register](#)

Step 2: Pass the MCCQE1 Exam

- ✓ **Medical Council of Canada Qualifying Examination Part 1 (MCCQE1)**
- ◆ A **one-day** computer-based test.
- ◆ **Morning Session:** 210 multiple-choice questions (4 hours).
- ◆ **Afternoon Session:** 38 clinical decision-making (CDM) cases (3.5 hours).
- ◆ **Passing Score:** 226 or higher.
- ◆ Can be taken in **Online in INDIA**.

Preparation Courses:

- **In INDIA:** 12-week course (4 months).
 - Includes **mock tests, study materials, and practice cases**.
-

Step 3: Pass the NAC OSCE Exam

- ✓ **National Assessment Collaboration Objective Structured Clinical Examination (NAC OSCE)**
- ◆ A **one-day** clinical skills exam with simulated patients (SPs).
- ◆ Assesses **patient interaction, diagnosis, treatment planning, and communication skills**.
- ◆ Must be taken **in Canada**.

NAC OSCE Preparation Courses:

- Live in-person classes (4 months), 3-hour sessions on alternate days.
 - Mock tests every weekend + personal interviews.
 - Offline Guide with 3,000 Q&A.
 - 4 attempts to improve your score.
 - 12 weeks clinical observation ship
-

Step 4: Clinical Research Post-Graduate Diploma Program (1-Year)

Clinical Research Diploma (1-Year Program):

- ◆ 46 weeks (920 hours) – Theory (680 hrs) + Internship (240 hrs).
- ◆ Helps improve application for residency.

Visa Options for NAC OSCE Applicants:

- ◆ 1-Year Visa Extension + PR Application Assistance.

Mandatory: Residency Requirements for IMGs

✓ Before applying for a Canadian residency program, all International Medical Graduates (IMGs) must successfully complete:

✓ Medical Council of Canada Qualifying Examination Part 1 (MCCQE1)

✓ National Assessment Collaboration Objective Structured Clinical Examination (NAC OSCE)

✓ Clinical Research Diploma (1-Year Program)

Mentorship program:

- ✓ **Mentorship Program** – Personalized guidance from industry experts.
- ✓ **Internship Placement** – Gain practical experience in **leading research institutions**.
- ✓ **Post-Graduate Diploma Accreditation** – Recognized in Canada and internationally.
- ✓ **Permanent Residency (PR) Assistance** – Lawyer support for immigration pathways.

Step 5: Apply for Residency via CaRMS

✓ Canadian Resident Matching Service (CaRMS)

- ◆ After passing **MCCQE1** and **NAC OSCE**, you can apply for residency in Canada.
- ◆ Residency programs are competitive—higher **NAC OSCE scores improve chances**.
- ◆ **Residency Specialties:**

- Family Medicine
- Psychiatric
- Internal Medicine

📌 CaRMS Application Process:

- Prepare your **CaRMS application** (CV, personal statement, reference letters).
 - **Interview with residency programs.**
 - Match with a program via **CaRMS Match Day**.
-

Step 6: Apply for PR & Work Opportunities

- ✓ After residency, apply for **Permanent Residency (PR)** in Canada.
- ✓ Work as a **General Practitioner (GP)** or **Specialist**.

📌 Job Opportunities & Salary:

- ◆ **Part-Time Jobs:** Clinics, telemedicine, or locum positions.
 - ◆ **Residency Working Hours:** 50-60 hours/week.
 - ◆ **Average Salary:**
 - General Practitioner (GP): **\$150,000 - \$200,000/year**.
 - Specialist: **\$250,000 - \$400,000/year**.
-

Final Summary

- ◆ **Step 1:** Verify medical degree eligibility with MCC.
- ◆ **Step 2:** Pass MCCQE1 exam.
- ◆ **Step 3:** Pass NAC OSCE exam.
- ◆ **Step 4:** Clinical Research Diploma (1-Year Program)
- ◆ **Step 5:** Apply for residency via CaRMS.
- ◆ **Step 6:** Apply for PR & start practicing in Canada
